

## Year 6 Weekly News

Dear families,

We hope you had a lovely and safe summer. We have really enjoyed seeing all the children back and ready to learn. The first week back has been brilliant and thoroughly enjoyable. The children are already proving how hard working they are; we know year 6 is going to be a really successful year.

The children have been getting to know their new teachers and catching up with familiar faces. From next week, we will be teaching English and maths in mixed up classes, a bit like SFA in previous year groups. The children have been told who their teachers will be for this.

The children will be learning many new things this half term, in history, they will be looking at Early Islamic Civilisations. In Jigsaw, our PSHE curriculum, we will be exploring the rights of all children in the world and what we can do to help others. In DT we are starting a very exciting but secretive project involving textiles. In Science, we are beginning our topic of electricity. In music, we are exploring beats and syncopation.

This week in English we started our new book: Cosmic, so we will continue enjoying that and thinking deeply about our main character. In Maths, we will begin the year with recapping and revising 5 and 6-digit numbers including decimals and practising our addition skills.

Please remember, the children are still to come into school in their PE kits on their PE day.

Oak – Tuesday

Acer – Wednesday

Redwood – Wednesday

Beech – Friday

Best wishes,  
The Year 6 team.

Well done, year 6! You have come back so brilliantly. It is a pleasure to walk around the Year 6 zone and see you so settled and cheery. Have a lovely weekend! Mrs Botley
